Any Scotts Summerhouse can be delivered for self-assembly outside the UK mainland. Please contact the Sales Office for a quotation.

A recycled slate effect roof is available. Please contact the Sales Office for a quotation.

**All prices are inclusive of VAT at the standard rate.** At the time of your order full base plan details will be sent and you will need to confirm that adequate access is available for the roof and floor. We are unable to carry these items over walls and through houses. Full details of access requirements can be obtained from our sales team or agents. Inadequate access may result in the building being returned to Scotts and a charge being incurred. Scotts reserves the right to alter their specification in the interest of product improvement without prior notification.

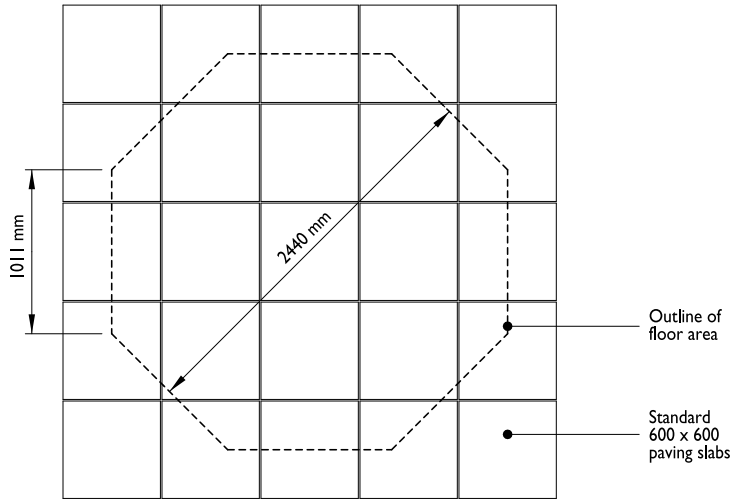

# Base Plans

**The Balmoral and Baltimore**

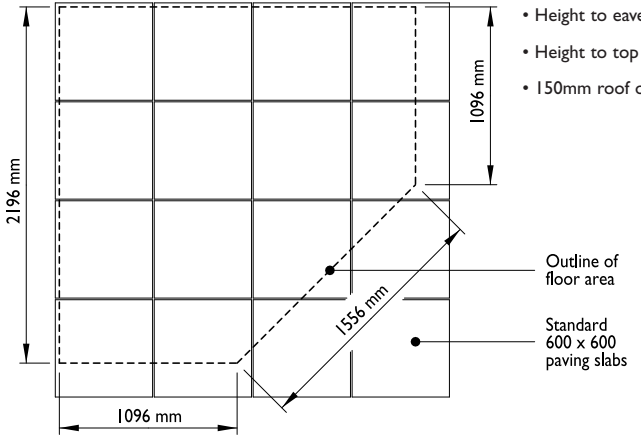

- Height to eaves 2.0m
- Height to top of roof 3.0m
- 120mm roof overhang

**The Burghley Summerhouse**

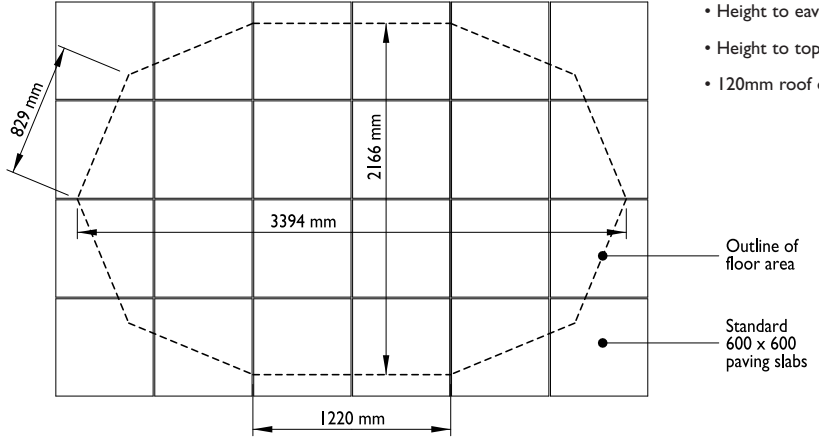

**The Newhaven Corner Summerhouse**

- Height to eaves 2.0m
- Height to top of roof 3.26m
- 150mm roof overhang

**The Sun Ray Garden Room**

- Height to eaves 2.0m
- Height to top of roof 3.0m
- 120mm roof overhang

**Notes**  
 In very exposed locations it is recommended that metal straps are incorporated into the base work to secure all models to the ground. Metal straps must not be used if the summerhouse is on a rotating base. All models on a rotating base can only be locked in one position.
